

Stop for a moment and think about the words "Caring Counselor." Get into your creative thinking mode and write a jingle depicting the concept of a "Caring Counselor." You may do a "take off" or modification of an existing radio or TV commercial or a song that you know.

Write the words below, matching them to the tune. Practice. Be prepared to present your jingle to the group.

Stop for a moment and consider the words "Caring Counselor." Close your eyes and relax. What mental images or pictures do you see when you think about this concept?

Using the clay that we've provided, sculpt a typical "Caring Counselor."

Stop for a moment and consider the words "Caring Counselor." Close your eyes and relax. What mental images or pictures do you see when you think about this concept?

Using the markers and easel pad provided, draw a typical "Caring Counselor."

Martians have just landed on earth. They have intercepted radio signals from the planet that describe the activities of the human species called "Caring Counselor." They are curious about this species and ask you to define the concept. However, due to an overextended galactic VISA definition card, the definition you provide must be limited to 20 words or less.

What definition would you give for the concept "Caring Counselor"?
