Hunter safety is offered at any age, but only required with powder burning events for 4-H.
GENERAL RULES

1. To be eligible to participate in the Walworth County 4-H Shoot-Off, contestants must be enrolled by March 1 at the UW-Extension Office in each project (individual discipline) they wish to enter. Late registrations will not be accepted, NO EXCEPTIONS.

2. Events will be conducted in each of three age divisions: Junior competitors – grades 3-5, Intermediate competitors – grades 6-8, and Senior competitors – grades 9 and above. All grades are as of January 1, 2015. Competitors must be at least 12 years old to participate in powder burning events/practices and third graders must be at least 8 years of age to participate.

3. All Junior and Intermediate Shooting Sports members must attend a minimum of three (3) district shooting sports practices in a discipline to be eligible to take part in that specific discipline at the County Shoot-Off. Attendance at the annual Walworth County Shooting Sports Orientation counts as one of these practices for Juniors and Intermediates. Senior Walworth County Shooting Sports members must attend at least one (1) district shooting sports practice per discipline to be eligible to take part in that specific discipline at the County Shoot-Off. Attendance at the orientation session does not satisfy this requirement for Seniors.

   - Approved shoots or competitions may take the place of up to two shooting sports practices (ex: Marshfield, West Bend, etc.) for members that are not in their first year of shooting sports. Three shoots or competitions will not be accepted as fulfilled requirements. All shooting sports members must attend at least one practice.

4. The final decision to allow 4-H members to participate in the County Shoot-Off will be made by the district instructors and will be based primarily on observed safe firearms and bow handling procedures. Attending a minimum number of practices does not guarantee permission to take part in the shoot.

5. Prior to the first practice, a parent permission slip must be completed and submitted for each discipline.

6. 4-H members participating in powder burning events or practices must be at least 12 years of age and show proof of Hunters’ Safety Course completion.

7. Completed registration forms must include the signature of your District Shooting Sports Leader(s) for each discipline in which you wish to participate. Leaders may not sign for a discipline for which they are not State-certified.

8. The Match Director reserves the right to alter the event as weather, terrain, or enrollment dictates.

9. The range commander may modify or make procedural match changes in the interest of safety or to make the event run more smoothly. The Range Commander will have the final say on issues of safety and range protocol.

10. Physically challenged accommodations must be requested at the time of registration and must be approved by the Match Director.

11. All competitors must be able to compete effectively in a safe manner. Participants must provide proper eye and ear protection for powder burning events, and eye protection for air pistol and air rifle. Eye protection is recommended but not required for archery.
12. Range Commanders have the right to deny use of unsafe equipment on the range.

13. Contestants are responsible for providing their own equipment, including ammunition and arrows.

14. Quivers, shooting blocks, and shell-holders are permitted and encouraged on the line.

15. All firearms, air guns, and compound bows must be in a carry-case except when preparing for use at the range and during competition.

16. All rifles, pistols and compound bows must be transported in a closed carrying case to and from the range and between events during the shoot-off. Carrying cases may be opened only at the appropriate range and only when instructed by the range commander.

17. Iron sights will include open, peep and fiber-optic sights. Optical sights are defined as any sight where the shooter looks through glass. Scopes should be set no higher than a power of 10x. No laser sights are permitted.

18. Shooters and spectators must supply their own eye and ear protection which must be worn at ALL times when the range is HOT.

19. All participants are strongly encouraged to participate in the Wildlife Ecology event at the Shoot-Off. No entry fee will be assessed for this event. Wildlife Ecology is a contest designed to test a participant's knowledge of the natural world in which he/she finds himself/herself while participating in outdoor recreation activities such as hunting. Animal, bird, and plant identification, animal track and scat identification, etc. may be a part of this contest. Contact Kathleen Tober, Key Leader, at (262) 642-5857 for more information on this event.

20. The Walworth County 4-H Shoot-Off is a pre-fair activity of the Walworth County Fair for Shooting Sports Project Members. Members may earn fair premiums and ribbons by participating in the Shoot-Off. In order to earn ribbons and premiums, members must complete the Fair entry form for each discipline in which they're enrolled. The entry form must be signed by the club's general leader and submitted by the leader to the Fair office prior to the entry deadline. Check with your club general leader for details on the Fair entry procedure.

21. Fair ribbons and premiums will be awarded in each division in each event as noted in the Walworth County Junior Fair Premium Book. Qualifying scores in each division (Junior, Intermediate, and Senior) for each color ribbon and premium amount are listed with each event.

22. Any equipment that malfunctions during the event will be rendered safe, cased, and removed from the range.

23. PARTICIPANTS MAY ONLY SHOOT IN EVENTS REGISTERED IN AT REGISTRATION NO CHANGES WILL BE ALLOWED THE DAY OF THE SHOOT-OFF BE SURE THAT YOU REGISTER FOR THE CORRECT EVENTS
