

# SWINE PROJECT SUMMARY FORM

(To be completed for use and evaluation at the Walworth County Fair)

**Complete one form per exhibitor.**

Member Name \_\_\_\_\_ Phone Number \_\_\_\_\_

4-H Club/FFA Chapter \_\_\_\_\_ District \_\_\_\_\_

How many animals did you keep records on this year? \_\_\_\_\_

1. What was the purchase price of your project pig(s)? \$ \_\_\_\_\_

2. What was the cost of the feed you fed your project pig(s)? \$ \_\_\_\_\_

3. What is the estimated cost of bedding, veterinary bills and any other supplies you used for your project this year? \$ \_\_\_\_\_

What are your total costs for this project? \$ \_\_\_\_\_  
(Add lines 1, 2, and 3)

A. What was the total weight of the pig(s) you showed this year? \_\_\_\_\_ lbs.  
(If you showed two pigs at the fair add both pigs weight together)

B. Today the market price for pigs is \_\_\_\_\_, what is your return if you shipped the pig(s) rather than going through the Meat Animal Sale? \$ \_\_\_\_\_  
(If your pigs weigh 268 pounds, multiply 2.68 times the market price, as the market price is quoted per 100 pounds. Remember to add the weight for all pigs together)

C. If you shipped your pig(s) instead of coming to the fair, what would your profit or loss for this project be? \$ \_\_\_\_\_  
(Subtract your costs from your return for selling the pigs at market. Put a (parenthesis) around a negative number)

D. Take your price received for the Meat Animal Sale for each pig and multiply it by the weight of the pig. \$ \_\_\_\_\_  
(Example: 250 pound pig times \$2.50 is \$625.00. If you have more than one animal add the totals together)

E. What is the premium you have received from the privilege of selling at the Meat Animal Sale? \$ \_\_\_\_\_  
(Subtract the market price line B from the Meat Animal Sale price line D)
